## Event Brief

The orientation session may have started late, but it was anything but lacklustre—the energy and excitement were undeniable. On November 15th, Think India hosted its orientation session in VLTC L008, drawing an enthusiastic crowd.

The event began with an engaging question to the attendees, asking what they knew about Think India and their impressions from the Think India canopy. This was followed by a detailed introduction to Think India, highlighting its nationwide presence and connectivity.

The session proceeded with an overview of past activities , **Youthfest** and upcoming plans, giving attendees a glimpse of what to expect from the organization. Different sections of Think India were introduced, including Saavishkar, Samvaad, and the teams for publicity, marketing, design, and social media.

Third-year seniors then took the stage to share insights about the club, its vision, and the team dynamics, creating a sense of companionship and excitement.

Finally, the recruitment process began, where students participated in interviews for the teams they were most interested in joining.

Overall, the orientation and recruitment process ran seamlessly, leaving attendees motivated and eager to be part of Think India.
